ABOUT

MY-RGS

Malaysian Research University Network Young Researchers Grant Scheme (MY-RGS) is a research grant scheme that is opened to young scientists who are 40 years old and below in Malaysia. This grant scheme is offered by the Malaysian Research University Network (MRUN), in collaboration with the Young Scientists Network-Academy of Sciences Malaysia (YSN-ASM). MY-RGS called for high-quality and innovative research proposals to address specific challenges that were identified.
